

Fantastic Icons Pack

By Mero Store Studios

About the Pack

Thank you for downloading the **Fantastic Icons Pack**!

This asset includes **2000+ high-quality pixel art icons** crafted for use in 2D games — ideal for RPGs, adventure, crafting, simulation, and strategy genres.

Icon Categories:

- Items & Inventory
 - Weapons & Tools
 - Spells & Skills
 - UI Elements
 - Resources & Materials
 - Buffs, Effects, and more
-

How to Use

1. Import into Unity:

- Drag and drop the **FantasticIconsPack** folder into your Unity project's **Assets** directory.
- All icons are in **PNG format** with transparent backgrounds.
- Choose from individual files or sprite sheets based on your project setup.

2. Use in UI:

- Assign icons to UI Image components (inventory, abilities, stats, etc.).
- For pixel-perfect visuals, use native size (e.g., 16x16 px) and set the texture's filter mode to **Point (No Filter)**.

3. Customize:

- Icons can be edited in any image software (Photoshop, Aseprite, GIMP, etc.).
 - You may recolor or tweak icons to match your game's art style.
